# Tips for Success for...

## **YOUR SCIENCES CLASSES**

- Always attend class.
  - Be on time. Listen. Take notes. Actively participate.
- Talk to your TA and/or Professor. Visit during office hours.
  - Always review material and come prepared with questions.
  - Get to know your Professors.
- Learn, practice, and understand the terminology. The sciences build on the previous knowledge. If you understand material from the previous class, the new information will make more sense.
- Create a study group. Study groups are great for preparing for exams and ensuring that you understand the application of all of the material. Learn from one another.
- Utilize the campus labs and resources! Plan in advance, make an appointment or drop in during drop in hours.
- Everyone utilizes the different academic resources on campus. Find out which ones are best for you at [tutor.uiowa.edu](http://tutor.uiowa.edu).
